3/4" DRIVE QUICK RELEASE TEARDROP RATCHET

- 120 Positions, 3 Degree Ratcheting Arc
- Double-Stacked Pawls Engage a 60-tooth Gear Providing Exceptional Strength, Exceeding ASME Specifications

GRAB PRODUCTIVITY BY THE PAWLS

The Double-Stacked Pawl™ technology of the new 120XP™ Ratchet delivers an amazing 120 positions in 360° for an ultra-narrow 3-degree swing arc that turns bolts where others can't. Add legendary GearWrench® speed and strength, and you have a seriously productive tool. **From the leader in hand tool innovation, our best ratchet yet.**

The GearWrench 120XP Ratchet delivers a breakthrough 3° swing arc while delivering 180% of ASME torque performance.*

PATENT PENDING DOUBLE-STACKED
PAWL™ TECHNOLOGY

* Results are based on Apex Tool Group testing of 3/8" drive 120XP Ratchet.

RB6
3/4" (#6) INDEXING REBAR BENDER

- 14-Position Indexing Head Adjusts with Center Push Button to Allow Total Access for Maximum Leverage
- Extra-Sturdy Steel Handles for the Toughest Conditions
- Super-Strong Indexing Head Grips Rebar Securely for Accurate Bends

How is the HKP Rebar Bender
SUPERIOR to a hickey bar?

LET US COUNT THE WAYS.

- 1** HKP's increased length and versatility increases leverage and allows for more **comfortable rebar bending operation**
- 2** HKP's RB4 is 35" long when extended for **increased leverage** and better positioning
- 3** When collapsed, the RB4 is 21" short, allowing for **easier storage**
- 4** HKP Rebar Benders have **14 different lockable positions** for just the right amount of leverage and strength
- 5** HKP provides an exact fit for #3 and #4 sizes of rebar which creates **a better fit and eliminates play** in bending action
- 6** All models of HKP Rebar Benders have **knurled handles** for a more secure grip
- 7** **More Innovation**
Better Price

Massive Power.

Convenient. Strong. Built to get the job done, fast.

MAXIMUM CONTROL.

AT YOUR FINGERTIPS.

The first tape ever with fingertip blade control.

- Drag Strip finger access for measuring and retraction control
- Rigid extra wide blade provides 10' of stand out
- Wide End Hook holds better and makes marking easier
- Integrated D-ring for tether strap or easy hanging storage
- Durable molded case allows for added control and grip

The Lufkin Control Series is the first tape to feature a unique new Lufkin design that gives users maximum control when extending and retracting the tape blade. The Drag Strip™ access opening on the bottom of the tape allows users to regulate blade feed and return with their fingertip for greater control, making the tape feel more like an extension of their arm than a hand tool. An integrated tether or wrist strap ring helps prevent drops and injuries. The 10-foot stand-out capacity and extra-wide end hook make this tape perfect for the toughest jobs.
