

E-Track Cargo Net

Prevent your cargo from shifting during transit. The new Lift-All E-Track Cargo Net easily attaches to the E-Track rails inside your trailer or van.

Features:

- Spring loaded E-Track fittings easily snap into track
- Strong, rugged polyester logistic strap webbing
- Quick and easy adjusting cam buckle
- Blue top strap simplifies installation
- Can be used across or on same side of trailer
- Overall Length – 11 ft., Height – 40 in.
- Working Load Limit – 1,600 lbs.

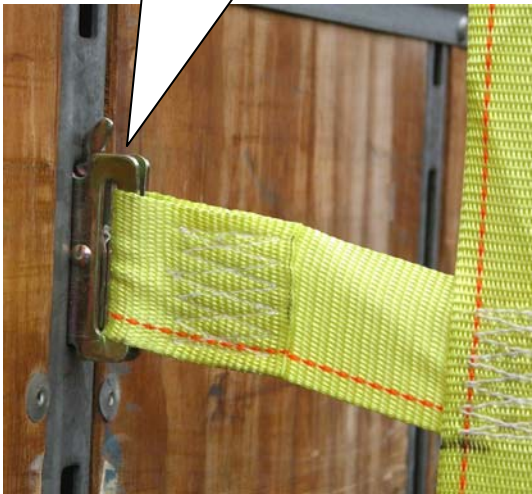

Benefits:

- Saves Time – Easy to install
- Saves Money – Tighten straps around loads to protect them from shifting and damage
- Improves safety – more secure than standard E-Track straps

Quick action Cam Buckles save time and hold securely

Spring loaded E-Track fittings make connections easy

Long tail straps make net more versatile and useful
